

Annex 1 - List of National / Regional Seafood Representative Organisations referenced in the Seafood / ORE Engagement in Ireland A Summary Guide under Phase 1, Phase 2, Phase 3 and the Enduring Regime.

This list will be updated by the Seafood / ORE Working Group on a quarterly basis.

In the first instance the Seafood/ORE Group will prepare a preliminary list and update this list when additional seafood representative organisations are identified. However, the Seafood/ORE WG is not an appropriate body to hold and maintain this list as it has little or no legal standing and its term of office expires in May 2024. The Working Group will engage with Government Departments and State Agencies to identify an appropriate holder for this list.

In the absence of an updated list, the list as shown here in Annex 1 will be the definitive list.

IFA Aquaculture
Irish Fish Processors and Exporters Association (IFPEA)
Irish Fish Producers Organisation (IFPO)
Irish Islands Marine Resource Organisation (IIMRO)
Irish Seafood Producers Group (ISPG) (Aquaculture)
Irish South & West Fish Producers Organisation (ISWFPO)
Irish South and East Fish Producers Organisation (ISEFPO)
Killybegs Fishermen's Organisation (KFO)
National Inshore Fishermen's Association (NIFA)
National Inshore Fisheries Forum (NIFF)
Regional Inshore Fisheries Forum – North (NRIFF)
Regional Inshore Fisheries Forum – North East (NERIFF)
Regional Inshore Fisheries Forum – North West (NWRIFF)
Regional Inshore Fisheries Forum – South East (SERIFF)
Regional Inshore Fisheries Forum – South West (SWRIFF)
Regional Inshore Fisheries Forum – West (WRIFF)
Anglo North Irish Fish Producers Organisation (ANIFPO)
Northern Irish Fish Producers Organisation (NIFPO)
North Western Waters Advisory Council (NWWAC)
Pelagic Advisory Council (PAC)
Bottom Mussel Growers Forum

Proposed projects should also write individually to everyone on the fishing vessel register as set out in section 4.

To avoid any misunderstanding the ORE organisations referred to in the document are MRIA, NOW Ireland, Renewable Energy Ireland and Wind Energy Ireland.
